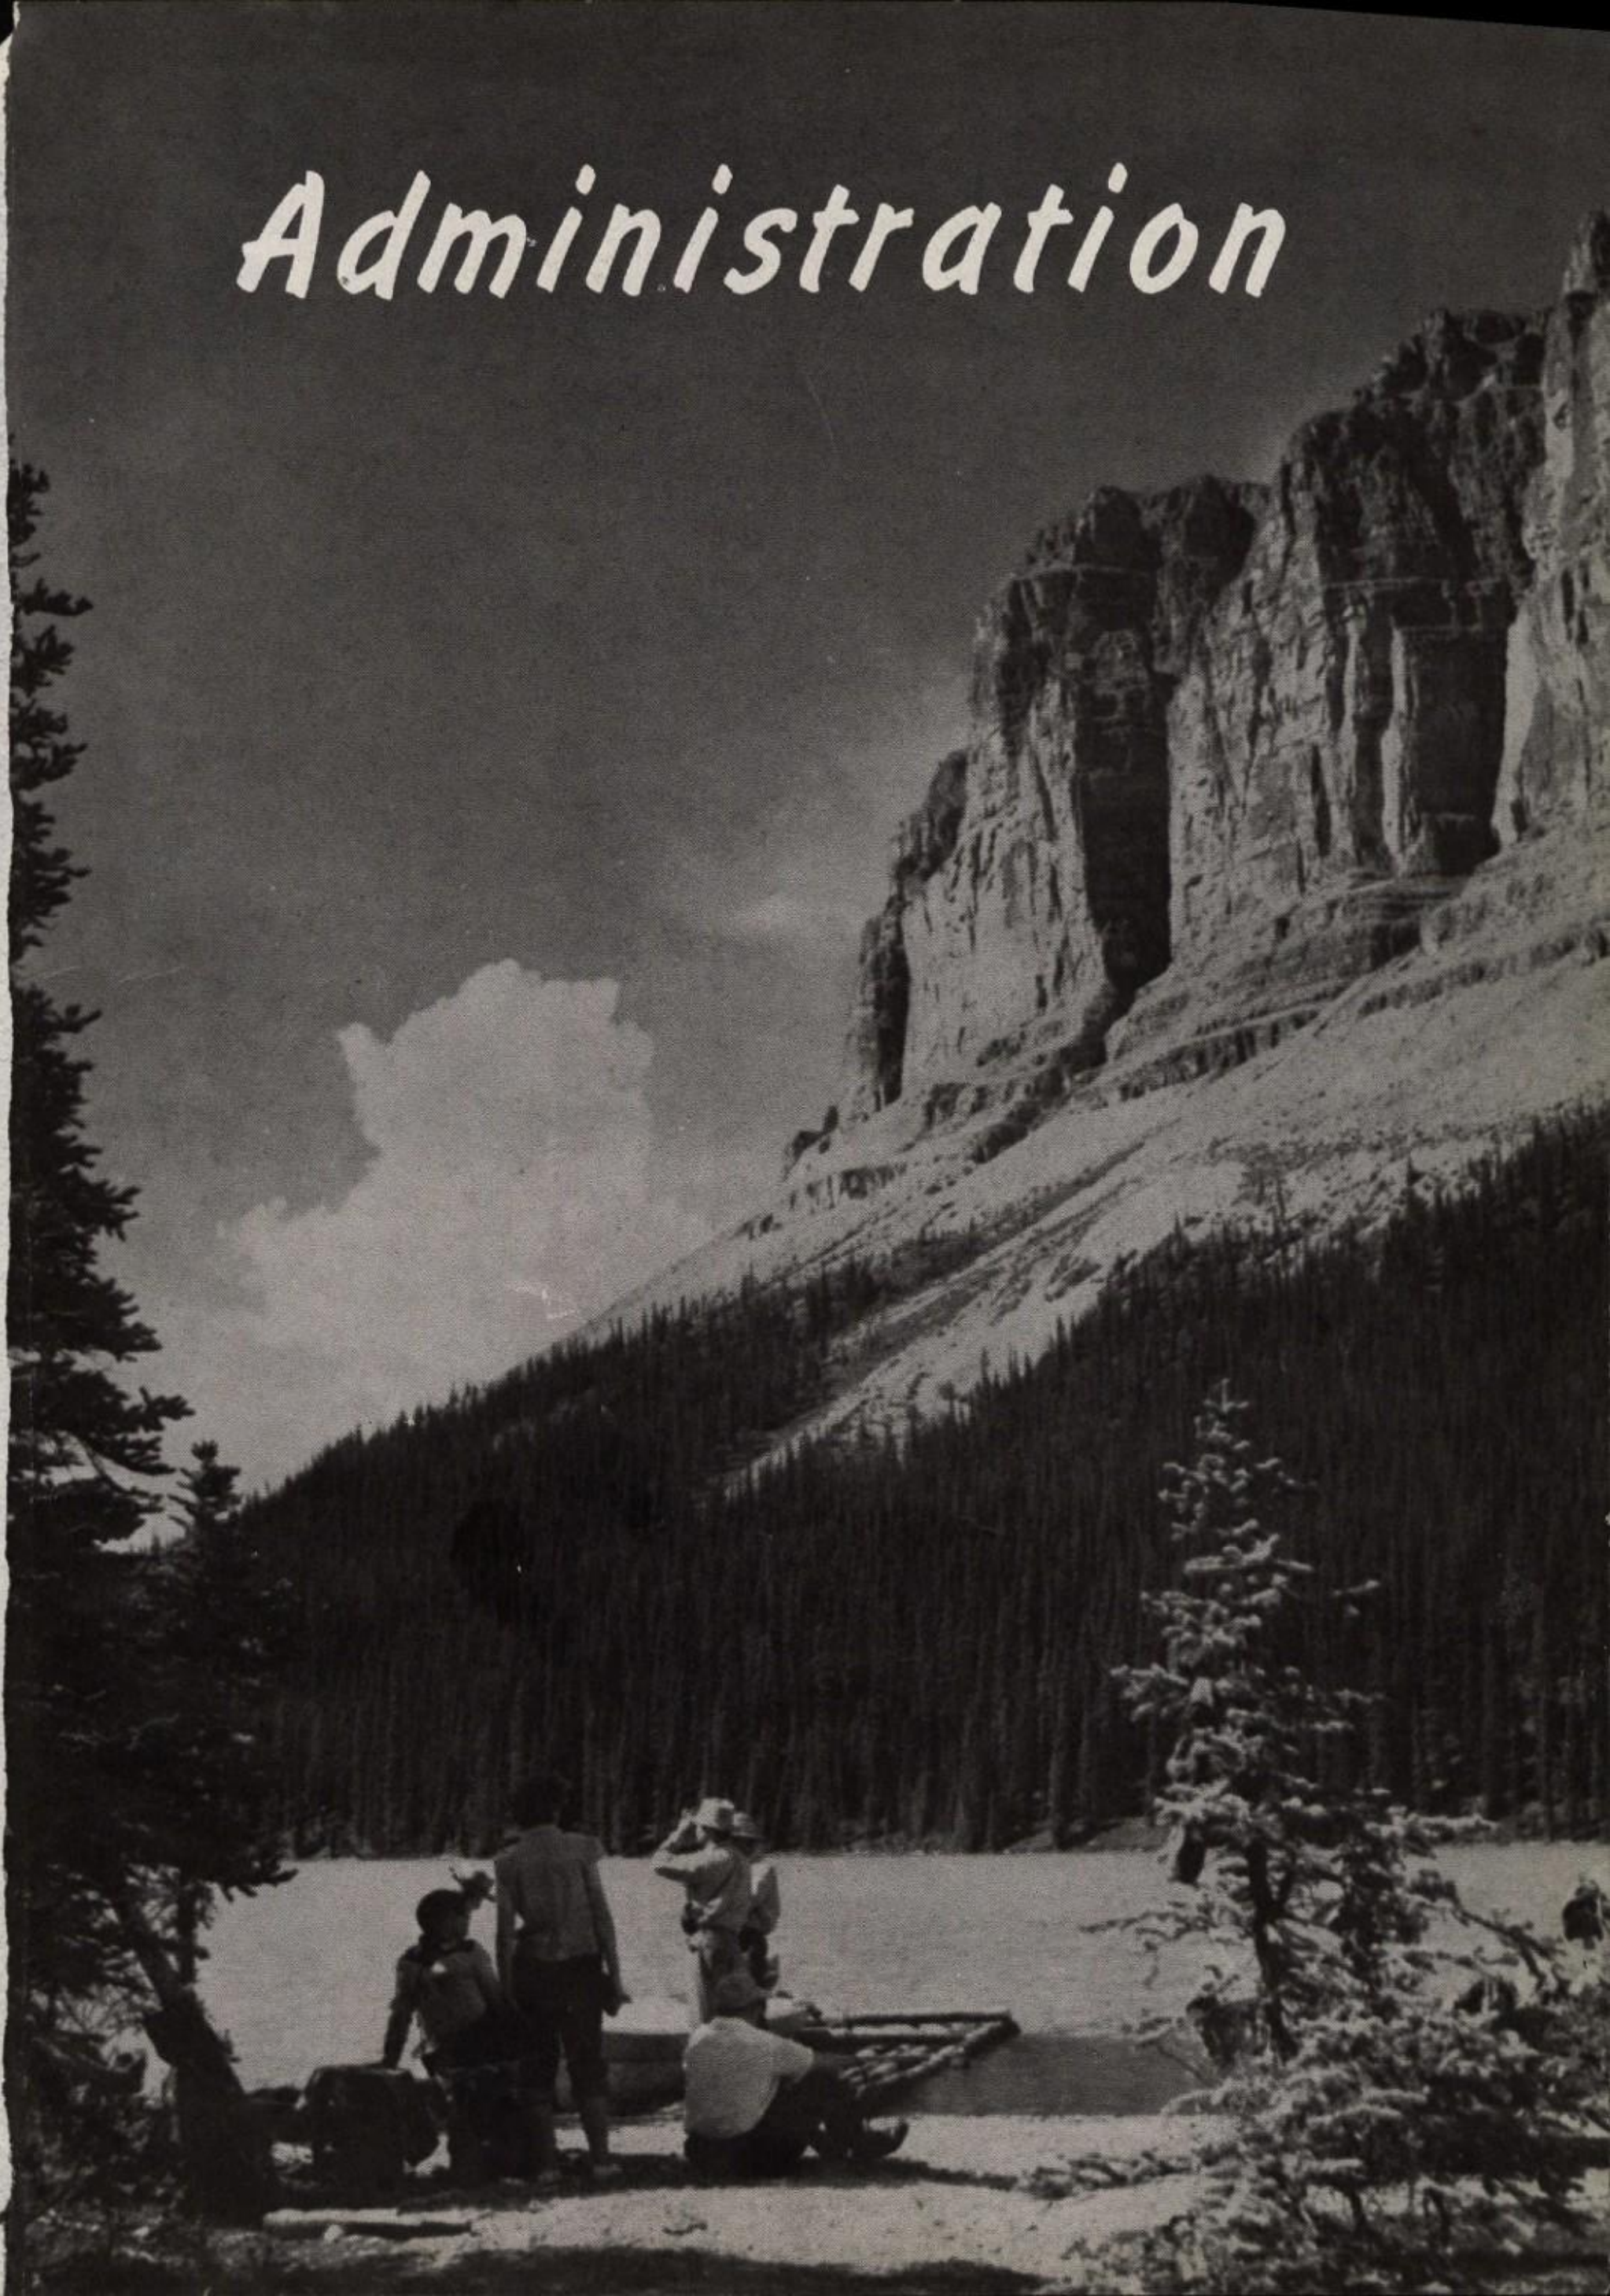
Administration



Mrs. McCadden has moved up to the Superintendents position after teaching for many years in Junior High. She is doing an excellent job and we are proud to have the only lady Superintendent in the state.

Principal's Message

There is no greater challenge than that now facing the Midvale School. Our education must not be found wanting in any degree or measure when the call comes for good citizens. You are about to leave---never to return as students. Our efforts have been aimed at no other goal but to help you to become alert, adaptive persons and to help you make wise choices. The life you live lies in your ability to add to these choices.

Your years here will be fondly remembered in the future. As you leave you carry with you the attitudes, skills and appreciations you have acquired. Guard these well and cherish them forever. The foundations you have built will continue to grow into a firm character with intelligent convictions and the admirable qualities of a good citizen with God as your guiding star.

Class of 1958, we congratulate you on your excellent work. May good luck, happiness, and success in every adventure be yours.

Dedication

We, the class of "58", in appreciation of her guidance throughout the Junior and Senior years, do hereby dedicate this edition of The Ranger, to Mrs. Vicki Benzin.

Mrs. Benzin, besides teaching Senior Classes primarily, also handles their Activities. This year, Shorthand and American Government are under her jurisdiction.

Senior Sneak

On the afternoon of March 21, the Senior Class of Midvale High School slipped out of town unnoticed, and were on their way to Portland via Highway 95. The first night was spent in Lewiston with little sleep and lots of fun. The next day they traveled on to Portland via Walla Walla and The Dalles, and divided into groups for shopping and sightseeing with a special trip out to Jantzen Beach, the "Playland" of Portland.

The next day, Sunday, was spent on an enjoyable trip to the Coast, returning that evening to Portland. Monday the group started home, stopping in Weiser to see a movie. Fifteen tired but happy Seniors, plus Mrs. Benzin, Mrs. Lewis, and Mr. Glasscock returned to Midvale in the wee hours Tuesday morning, ready to face two more months of school before graduating.

Senior Class History

On September 7, 1954, fifteen Freshmen entered the halls of Midvale High School for the first time. In this group was Judy Glasscock, Molly Clelland, Violet Roberts, Bertha Jacks, Larry Horning, Galen Preston, Galen Lewis, Milford Potter, Gary Garner, David Williams, Jay Williams, Victor Craig, Kent Craig, Bob Finke, and Jack Taylor. Initiation, the return party, movies, a candy machine, and a birthday party highlighted the year. David Williams moved to Riggins.

Starting our Sophomore year, we had fourteen members. Laurence Bruce came at the end of the first semester and Kaye Anderson joined us early in the spring to make a class of sixteen at the end of the year. We chose Mr. Willis Rea as class advisor. We had several parties during the year.

Our Junior year started with a class of seventeen. Donald Fuchs and Maxine Williams helped swell the crowd for a while. However, after a few weeks Donald, Laurence Bruce, and Jay Williams quit school to work, and Maxine quit to get married, leaving only thirteen members to finish out the year. The first event was Freshman initiation and Bonfire followed by a Thanksgiving Sock-hop for the entire school which was a great success. All through March we toiled and on the 22nd of March were rewarded with an excellent performance of "Look Out Lizzie," directed by Mrs. Benzin, Class Advisor. Then to top it all off, we gave the Seniors a nice Junior-Senior Prom and Banquet on May 4, with "Young Love" as the theme.

This, our last year has been full of interesting things. Elenore and Will Atkinson joined us from Boise and Mrs. Benzin resumed duties as Advisor. First, we helped initiate the Freshmen. Then on November 22, we put on the Senior play entitled "Pleased ta Meetcha." This Spring, all the Seniors had a grand time on the Sneak and the Juniors gave us a lovely Prom and Banquet, using "Moments to Remember" as the theme. The Senior Class chose turquoise and black as the class colors and the carnation as class flower. Our motto, "Push, pull, or get out of the way" is quite appropriate for our class.

On May 23, fifteen happy Seniors will march up the isle to receive diplomas and go out into the world to become citizens of this great country.

Senior Class Prophecy

It is now the twilight of their High School career, but with eyes bright and minds clear--and no regrets--the noble Seniors look to the future with hungry ambitions and great expectations.

Looking ahead to, let's say, the year 1978 without even the aid of a crystal ball, I can see them well established, each in his own choice of endeavor. There is Milford Potter under the blazing limelights making the teenagers faint as he yodels his rendition of the latest hit song. By then, Milford ought to have made western singin' as popular as "Rock n' roll" is now. Galen Lewis is also in Hollywood, and he has succeeded very well. He has now replaced Mr. Rock Hudson and is on his way to squeeze out Tab Hunter. Galen is suffering under an unhappy delusion though---he thinks he can make "Fraulein" popular again. He is trying now for the fifth time in as many years.

Getting away from the movie colony, let's go farther East to the wheat country of the great Midwest. Kansas isn't Kansas anymore. It is now known as the "Finke Farm." Bob owns it from border to border, and is dickering for Texas but Kent and Victor won't sell. It's the only place big enough to hide all the Craig whiskey stills.

It's just great how well all my old classmates are doing. Judy Glasscock is over in Washington, D. C. as America's first woman president. Some people say she talked her way into office, but nobody who really knows her believes it.

A sad thing appears as I gaze into the future of Violet Roberts and William Atkinson. They were chosen, because of their superior intellect and courage, to make the first trip to the moon. But by 1972 there were so many Russian Sputniks floating around that they collided unavoidably with one of them.

Molly Clelland is the world's greatest scientist. She has discovered a way to cure people of cancer, television, the common cold, and how to make a husband love his mother-in-law. Her most important invention is still in the experimental stage, however. She is trying to discover how to make a cup of coffee her husband can drink.

Elenore Atkinson and Larry Horning have gone into business together because they always got along so well. Larry designs the latest fashions and Elenore models them. This way Larry gets to tell the women of the world what to wear and Elenore makes all the men glad to buy it.

Galen Preston was running away from the internal revenue officers one day when he tripped over a peculiar piece of rock. He took it to a chemist and discovered it was pure uranium. He filed a claim on a whole vein of the stuff and made enough money to pay off all his back taxes. He even had enough left to build a fortified castle on Hitt Mountain where he sits all day long, afraid to leave lest he run into the clutches of the hundreds of women who have matrimonial designs on him.

Bertha Jacks, I see, has become America's most famous artist. She is rich and can draw anything, including handsome fortune hunters. Bertha resists all suitors with commendable valor in spite of their most urgent pleas, and travels periodically to Hitt Mountain to paint scenery--or so she says.

If you should turn on your new super atomic television set some Autumn Sunday in 1972 you might get to see the Earth's Football team in a tough game with Mars, Venus, or some other top team in the Milkyway conference. And most probably you would cheer yourself hoarse as you watched Earth score time after time with the splendid running abilities of Jack Taylor. Some people say he's scared because he runs the other direction sometimes, but one thing is certain---give him the ball and nobody can catch him.

Well, that's the way it goes. The old gang have all really made a name for themselves. It kinda makes a man feel good to pick up a newspaper and see their names, then turn around and say to his eight grandkids, "Heck, I knew all those people when they were my neighbors here in Midvale. And to think that I was the one voted "Most likely to succeed" of all!"

Junior-Senior Prom and Banquet

May 10 was a memorial day to the Seniors of 1958. The ambitious Juniors sponsored a well planned banquet and dance. The banquet consisted of many elaborate dishes.

Rounding off the meal, speeches were given by faculty members and distinguished people from both classes.

Having thus prepared for the prom, nearly everyone joined in for an enjoyable evening of dancing. The party finally broke up, leaving the Juniors to clean up the building.

The Seniors would like to give the Juniors a well deserved "Thank You" for the time and work they spent in making the Prom and Banquet a success.

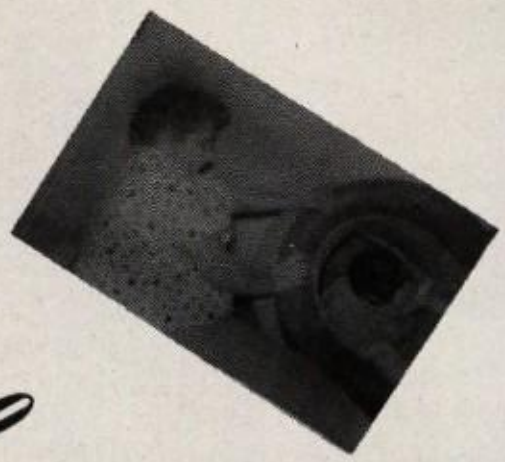
INITIATION



On September 19, 1957, fifteen bright new freshmen set out to prove to the upperclassmen that they would make worthy members of M. H. S. In completing this task the Juniors and Seniors helped them. Friday afternoon the school halls and the football field were cluttered with babes in diapers, a Santa Claus and even the devil himself. Whenever coming upon an upperclassman a freshman would bow three times and recite a poem of affection. That evening the frosh performed "gymdrastics" for the benefit of their older classmates. However, some had passions for raw eggs and would not sing for anything else. In spite of all pushing and pulling Santa Claus, alias Nancy Sherman, could not get through the tires. Other freshmen ate worms and walked the plank. They enjoyed themselves so much that they invited all to a return party in the gymnasium.

On September 27, the McCall Vandals journeyed to Midvale to clash in another football game. The Vandals traveled home with a victory of 45 to 0.

One of the hardest games Midvale had to play was against the Cascade Ramblers, Friday, October 4. The Ramblers won 64 to 0 on the Midvale field.

Midvale's only non-conference game was played against the Greenleaf Grizzles at Midvale, October 11. After a hard fought contest the Grizzles won 30 to 6.

October 18 was victory day for the Cambridge Bulldogs at the Cambridge football field. They defeated Midvale 51 to 0.

November 2 was the last chance Midvale had to win a football game. The Rangers traveled to Riggins to play the Savages. The score at the end of the first half was Riggins 21 and Midvale 18. However, the Savages went on to win 34 to 18.

Varsity Basketball Team

S. so well during the 1957-58 season are, left to right: Larry Widner, Dave Keithly, Galen Lewis, Galen Preston. Bob Finke, Keith Morgan, Bill Finke, and Mr. John Benzin, Coach. J. Play Day

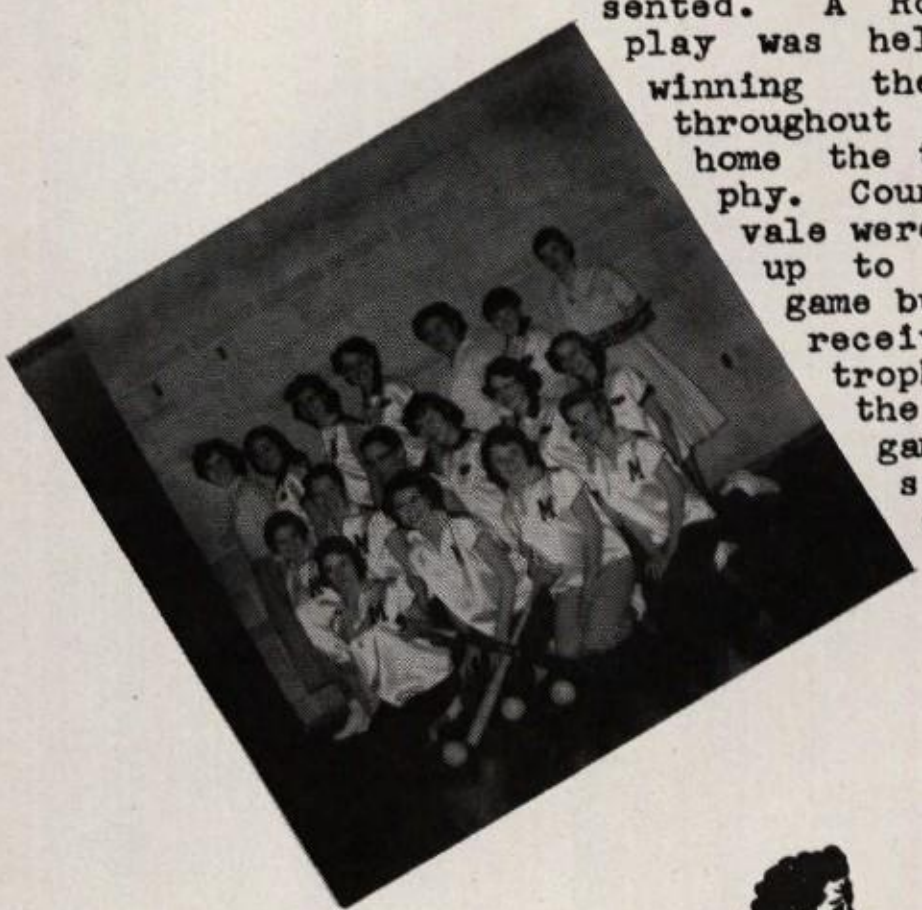
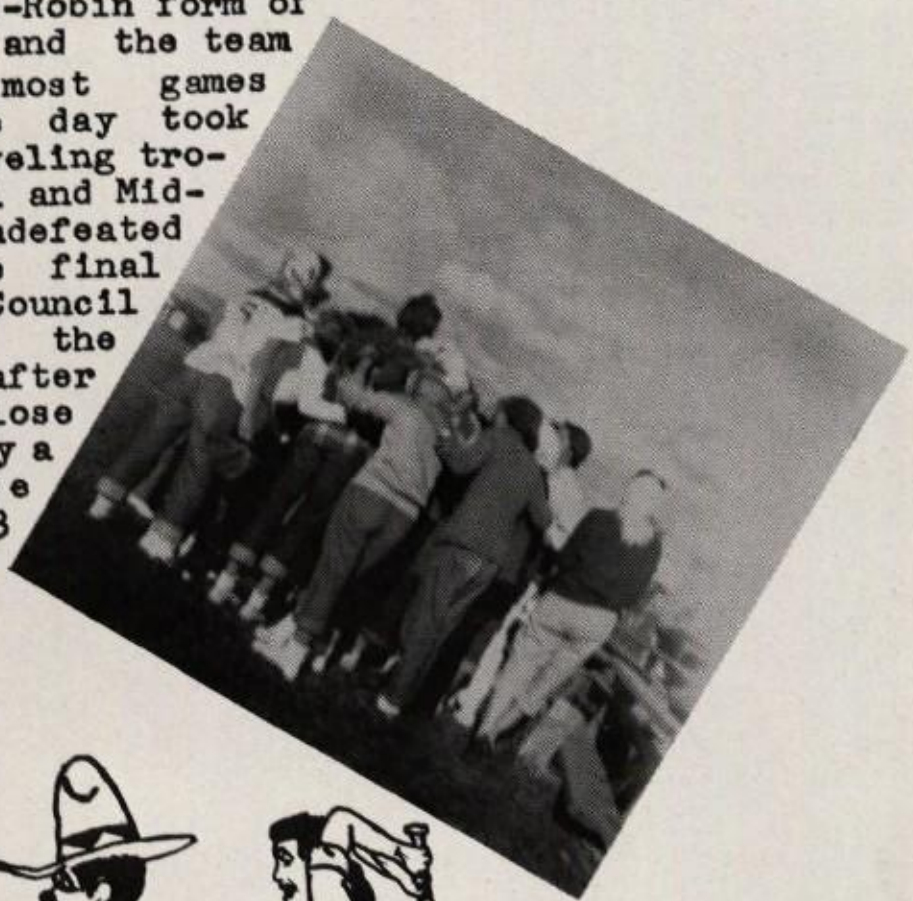
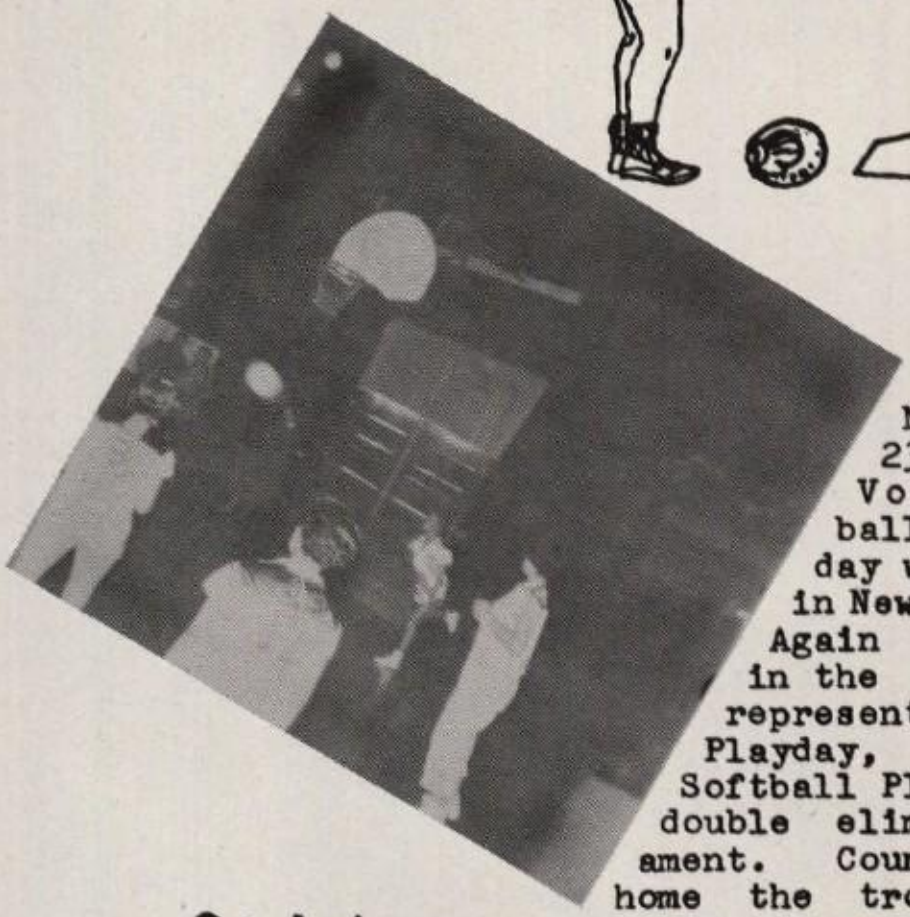
Girls' Softball

This year competitive sports for girls have been changed to Playdays. The Softball Playday was held in Cambridge on Monday, October 14. All the schools in the Long Pin League were represented. A Round-Robin form of play was held and the team winning the most games throughout the day took home the traveling trophy. Council and Midvale were undefeated up to the final game but Council received the trophy after the close game by a score of 3 to 1







On Nov. 23 the Volley-ball Playday was held in New Meadows. Again each team in the League was represented. This Playday, unlike the Softball Playday, was a double elimination tournament. Council again took home the trophy with McCall coming in second. Midvale was eliminated in the third game.

This year the girls of MHS organized a drill team. They held their first performance on December 7, doing a series of spiraling, weaving, wheeling, and crossing. The next performance on February 15 they did in total darkness with flashlights. This time the patterns consisted of a Western theme with the flashlights outlining different Western symbols. The second night of the District Tournament at Cambridge they also did a similar performance to the first one.
